---

## Changed & Fixed:

- Fixed problems with autoplay into the tours
- Clients and agents can access the V-Commerce pages
- Lead forms UI/UX
- Took off credit plans (only packages enabled)
- User/client/agent relations updated
- Analytics for V-commerce tours
- Fullscreen option for the embedded tours fixed.
- Panorama's restrictions update (5 MB max, and 4D resolution as a limit)
- Moved to a ticketing support system – now we'll be able to respond faster, and won't miss a thing.
- More bugs and minor UI/UX issues were fixed a part of our daily bug fixing
